## 1- Outline

Our Vision is Green

## Outline

**AL NOAIMI AGRICULTURE & IRRIGATION SERVICES (NAIS)** has been providing an outstanding customized service to our clients since 2006, as our passion is to create distinctive landscapes. This has earned us the reputation of being one of Qatar's first class landscape companies. As a full-service landscape and irrigation company, we provide a one-stop shop for all areas of landscaping, including design, maintenance, construction and irrigation for residential and commercial clients. As each and every client has different needs, all of our designs and concepts are customized to satisfy each customer in a unique way.

During this time we have developed many long-term relationships with clients who appreciate our ability to design and install beautiful landscape and state of the art irrigation system.

No matter what type of service or design you are looking for, **NAIS** can help by providing you the highest quality of service in the industry, while ensuring your extreme satisfaction with the completed project.

With our wide range of landscape offerings, we look forward to continual improvement and development of our tradition in providing top-quality services, exceptional individualized attention and unrivaled customer satisfaction.

We pride ourselves on exceptional customer service coupled with a firm commitment to energy, water and environmental conservation. Our expert management team and proficient technicians take a detailed-oriented, expert approach to every project in order to provide the highest caliber of customer service. We have developed a first-class reputation in the country for superior installation, design, maintenance, and rapid response to client service requirements. Customer service and satisfaction have always been our top priority in the business. As a result, our corporate philosophy is to go extra miles for every customer, on every project, every time. That is the **NAIS** difference!

Customer retention is the greatest testament to our company's standard quality of excellence. A number of residential, commercial, and government entities of the State of Qatar continually choose us to develop and integrate customized irrigation and landscape ideas into their environment. We are committed to utilizing the foremost business practices in order to provide our customers with unparalleled products, services and optimal solutions.

Environmentally sound energy and water principles help to conserve natural resources while saving businesses, municipalities, and households money. That is why at **NAIS**, we are committed to developing environmentally sound ideas. We understand the significance of a properly installed and maintained irrigation system both environmentally and economically.

We currently service landscaping and irrigation projects and annual maintenance agreements for a number of residential, commercial and local government clients in the State of Qatar. Rest assured that **NAIS**, has the substantial experience and quality reputation to facilitate your project with the quality and customer service you deserve.

What sets us apart? Many years of experience in landscape management. As horticulturists we know the water requirements of your plants and how they will vary depending on site conditions and locations. This is critical knowledge when designing or servicing your system to protect your landscape investment.

It is our goal to provide all of our customers with a high level of professionalism, honesty, friendliness and attention to details. Our work is guaranteed to meet your complete satisfaction.

Our company is certified and is continually being trained in the most updated techniques and methods of plant, landscape and irrigation methods.

Looking at the big picture and creating a solution specific to the individual project is what **NAIS** does best. Ultimately we wish to establish and maintain a long term relationship with every customer built on respect, confidence and mutual trust.

**NAIS** is the complete resource for irrigation and landscaping professionals. Through all the years, we have met our customers every need, providing them with products, services, design, advice, and above all a dedicated team eager to help in any way we can.

### To whom it may concern

We, Hydroturf International Company have a long association with Yaseen Shudaifat, General Manager of Al-Noaimi Agriculture & Irrigation Services, and whom have always approached project execution from a professional view point, in order to install highest quality materials, excellent and quick workmanship, and we highly recommend Al-Noaimi to Clients for small and large projects.

Al-Noaimi have worked with on Irrigation Central Control Systems, latest of which is at Musaeed Industrial City plus Azud and VAF Filtration Stations, Major Pumping Sets with variable frequency drives, and of course various Irrigation Systems and Landscape works.

We have made several Joint-Ventures with them on First Class Soccer Fields with Qatar Olympic Committee, and supplied Toro irrigation materials to Al-Noaimi, Toro, Redexim, Solo, Tanaka, and Etesia Machinery/Landscape equipment plus utility vehicles for Ashgal and MMAA and QP projects.

Best Regards,
